JANUARY – APRIL 2020

BULLETIN

Passed by Congress June 4, 1919, and ratified on August 18, 1920, the 19th amendment granted **women the right to vote**. Achieving this milestone required a lengthy and difficult struggle; victory took decades of agitation and protest. This year we celebrate the Centennial of Ratification of the Amendment.

*We Wish You Happy Holidays
and Wonderful New Year!
~ Mindy and Nancy*

Somerset BNC Co- Presidents
Mindy Morris and Nancy Clancy

This year's BNC Fund focus:

What does it mean?

The Brandeis National Committee has existed to support Brandeis University in fulfilling its founding principles of access, inclusivity, and tolerance since 1948. In conjunction with President Ron Liebowitz's Framework for Our Future, the *Honoring our History* campaign will strive to fulfill the founding principles of access, inclusivity and tolerance by supporting digitization of the Brandeis Library's unique collections highlighting social justice.

These special collections, including [the Leo Frank Trial Collection](#), [the Helmut Hirsch Collection](#), [the Jewish Resistance Collection](#), [the Jewish Feminism Collection](#), [the Spitzer Family Papers](#), and the [University Photography Collection](#), provide insight into the narratives of 20th century men and women living in a time of overt antisemitism, racism, and institutionalized sexism. These issues are problems that we still struggle to address today. The importance of providing global access to these narratives that highlight the fight for inclusivity and tolerance cannot be understated.

The digitization of the Brandeis Library's unique collections is not as simple as making them available online. This campaign will support the entire process of digitization, which includes ensuring the discoverability of these narratives outside of the Brandeis community and enabling forms of digital scholarship that can be used in schools and in research internationally. These unique collections, much like the narratives found within them, deserve to not only exist, but to be remembered, shared, and appreciated.

Somerset BNC Winter-Spring Programs

PROGRAM 0113

2ND MONDAY each month, 1/13, 2/10, 3/9, 4/13

1 PM

THE PALLISERS

The Pallisers is a feast for the eyes as well as the intellect. A dramatization of the popular novels by Anthony Trollope, it tells the story of Plantagenet Palliser, MP; his vivacious wife, Lady Glencora; and their relatives and associates. The multipronged plot involves a jewel theft, a murder, tortuous love affairs, and much political intrigue.

The series debuted in the early 1970s, and watching it today (re-mastered) reminds us how much more enjoyable these television dramas are. The cast all enunciate their lines properly, and the costumes are simply sumptuous. There are great performances, and the dialogue is superior to what we hear in the average television drama today.

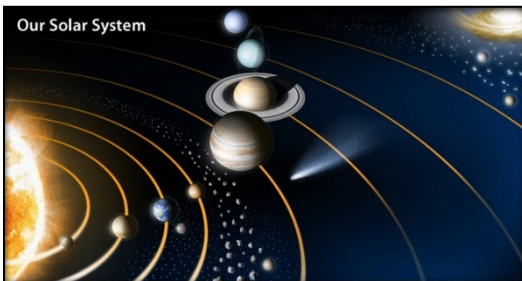

There are 26 episodes all together. This winter we will watch the first 8 episodes, seeing 2 each month, with a break for refreshments between each hour-long episode.

Astronomy : Things you might not know about the Earth and our Solar System

3 Fridays - January 17, 24, 31

Our Solar System has many interesting mysteries about which scientists have enjoyed theorizing and studying for centuries. Thanks to many brilliant minds of the past we now have answers for questions that puzzled our ancestors. This group of lessons will cover such topics as: Why do we have seasons? Why does the southern hemisphere have opposite seasons to ours? We will look at phases of the moon and eclipses. Moving beyond our earth and moon we will look at the nature of light, the sun and other planets of our solar system.

An In-Depth Look at Maxfield Parrish

Maxfield Parrish (1870–1966) was one of the greatest American painters and illustrators of the 20th century. Brilliant blue skies, pastoral landscapes and captivating figures are his art's signature characteristic. The scope of his work was enormous, including covers for magazines, theater sets, paintings, photographs, as well as murals and graphic work ranging from posters to calendars. Throughout his long career, Parrish's use of the latest technical innovations fostered an exploration of the relationship between fine and commercial art. These technical advances also allowed reproductions of Parrish's art to find their way into most American homes. His work has recently enjoyed a renewed

interest by contemporary artists and critics.

Local History:

The Franklin Park Tragedy

On March 1, 1894, two African American men broke into a home in rural Franklin Park, in Franklin Township and murdered a white woman and her daughter before her husband fought and killed the attackers. The newspapers called it the "Franklin Park Tragedy," and the story captivated public attention nationally and abroad. Another tragedy came afterward, with the racist forced expulsion of many local African American residents. Author Brian Armstrong tells the shocking story of this "sundown town" and how it evolved into the diverse community that exists today. Copies of the book will be available for sale and signing.

AS GOOD AS GOLD'S

In 1932, in the depths of the Great Depression, Tillie and Hyman Gold started making horseradish in their tenement kitchen in Brooklyn and discovered gold. From a small family endeavor, the company grew into a multimillion-dollar enterprise. Marc Gold, third generation co-owner of Gold’s (horseradish, mustard, duck sauce, etc.), will speak to us about the company’s history and its products which include the number one horseradish and duck sauce in the country. Marc will share some fascinating and humorous stories including the funny tale of “The Curse of the Stolen Parking Spot.” At the conclusion of his presentation we will have the opportunity to taste some of Gold’s products. SOCIAL JUSTICE COMMITTEE REPORT

Jewish Family Service reports our Giving Circle family will soon be transitioning from the JFS roster to services from the Multiple Sclerosis Foundation. The daughter is doing well and attends a local community college. Unfortunately, the boys have had some school-related difficulties and Mom elected to home school them while working with a community agency and her JFS mentor to obtain better services for the boys.

The Social Justice Committee expects to select another Giving Circle family once JFS discharges our current family. The Committee also plans to provide Mother’s Day gift bags to Safe and Sound, our local Battered Women’s Shelter
